> What Is N4L For Executives? ~ Strategy-Based Solutions for Life & Business®

- ❖ **Weekly KPI*Sessions** with strategic tools enhances the focus on strategy while following through on goals. * **Key Priority Indicator®**
- ❖ **Executive Sessions with our CEO** elevates your success to the next level. Participating in these weekly one-hour meetings will help executives* identify real opportunities in their life and business, using our strategic and principle-based power tools to resolve issues and meet challenges. * **By hiring our services, the client automatically becomes a lifetime member of N4L. Call for more information about benefits.**

> How Did N4L-EC Begin? ~ Servicing Executives, Entrepreneurs & Large Corporations

- ❖ **N4L is established in New York (1993)** when a group of our executives began meeting roundtable-style on Monday mornings to *review progress vs. plan* as a way to improve their respective work.
- ❖ **Creation of a proprietary methodology based on Sun Tzu's *Art of War*, Procter & Gamble's copy strategy model, and *The 10 Laws of Success*.** This methodology became the focus of the Monday roundtables, giving the executives a blueprint for success in life as well as business.
- ❖ **We specialize in working with senior executives** Executives who lead, start, promote or expand business operations glean the most advantage from working with us. Our *marketing strategy, business planning, management and principle-based leadership* coaching helps them become aware of internal behavior, and trains them to work under principle-based strategies. This not only empowers them, but their constituents as well. Through our unique strategy-based coaching, executives develop the skills to excel in any environment.
- ❖ **Our strategic tools** and professional practical advice rapidly generates quantifiable improvement and tangible results.

> Why Executives Hire N4L Coaches ~ To Save Time, Money, and Energy

- ❖ They learn to make decisions based on *strategy* and *principle-based leadership*.
- ❖ They achieve greater accountability through prompt and effective execution of action plans.
- ❖ They learn to foster growth using strategic and principle-based leadership, both professionally and personally.
